STAY HOME

Take a Break

Between figuring out our “new normal”, and coming together in the fight for human rights’ equality, it has been an intense year. As we move into the second half of 2020, it’s time for good old-fashioned self-care – take a break! Spend time on your favorite hobby, learn a new language, or my personal favorite, do nothing. While we know the challenges facing our industry and our customers will only become more complex, we must remember that our individual health always comes first. Fellow FGC Chapter Members, we’re in this together.

- Bonnie Bartlett, FGC Chapter Secretary

Thank You from Ashia Carr, 2020 Scholarship Recipient

“Dear Florida Golf Coast CPCU Chapter,

I am honored one of the recipients of the Florida Gold Coast CPCU Chapter Scholarship. I deeply appreciate that you have chosen to support me in my education at Florida State University.

I am a rising senior double majoring in risk management and finance with an expected graduation date of May 2021. My goal is to enter the risk management field as a producer in Property-Casualty insurance serving professional lines. This scholarship will greatly increase the time I am able to allocate to my studies but also open the possibility of taking on an unpaid internship. Thank you again for investing in my education.

Sincerely, Ashia Carr”

Our pleasure, Ashia
Congratulations!

October 7 – 9

We understand the disappointment this news may bring but we also know it's the right decision. The In2Risk Committee is already hard at work ensuring we deliver the same level of education and engagement you've come to expect. We look forward to seeing you all there!

Message from our CPCU Society President, Thomas Woods

NO MORE

The CPCU Society, along with the rest of the world, is disheartened and sickened by yet another senseless death in the black community. While the answers to racial injustice are complex and multi-faceted, we stand with all those impacted to say NO MORE.

While many in the United States thought we were past these issues, recent events prove we are not. We vow to be a part of the solution and do whatever we can to ensure that each individual is treated as an equal and with respect regardless of skin color, religion, sexual orientation, or any other attribute that unfairly labels someone as "different." Our black colleagues may look to be okay to us. But that may not be their truth. The CPCU Society is committed to open dialogue to promote change.

Pain does not respect work or home boundaries. We care about the safety and welfare of people of color and their right to live free from racism and injustice. Support of this movement will make us a better and stronger nation and will make the CPCU Society a better and richer organization.
